

STATEMENT OF PURPOSE

RS29659 / H0694

This legislation would allow the public to examine the listing of Idaho residents who have passed away to help ensure the deceased are removed from the election register. Currently the Secretary of State and the Department of Health and Welfare do not allow the lists of who has died to become a public record which makes it impossible to validate voter registration information.

FISCAL NOTE

There is no fiscal impact on the general fund or local governments.
